

**Remarks**

In response to the above-referenced Notice to Comply, Applicants provide herewith a paper copy of the Sequence Listing from grandparent application Serial No. 07/907,908. Applicants further provide herein an amendment directing the entry of the paper copy of the substitute Sequence Listing into the specification. It is noted that the foregoing amendment to the specification is made pursuant to the Examiner's request in the above-referenced Notice to Comply, and merely replaces the originally filed Sequence Listing with the substitute Sequence Listing submitted herewith. No new matter is introduced by the subject amendment as all information contained therein is supported by the application as originally filed. Accordingly, entry of this amendment is submitted to be proper and is, therefore, respectfully requested.

Applicants further provide herein a request, conforming to the requirements of MPEP § 2422.05, for transfer of the computer readable form of the Sequence Listing from the grandparent application.

**Request for Transfer of the Computer Readable Form of Sequence Listing**

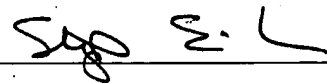

In accordance with 37 CFR 1.821(e), Applicants hereby request that the computer readable form of the Sequence Listing from grandparent application Serial No. 07/907,908, as submitted in a separate amendment (received by the USPTO on January 4, 1993), be transferred to the present application (the present application is a divisional of application Serial No. 08/464,514 (filed on June 5, 1995), which is a divisional of application Serial No. 07/907,908 (filed July 2, 1992)). Provided herewith is a paper copy of the Sequence Listing from the referenced grandparent application. I certify that the paper copy of the Sequence Listing from the grandparent application, submitted herewith, is identical to the computer readable copy filed in the grandparent application, both of which are identical to the sequence information contained in the paper copy submitted herewith. It is understood that the Patent and Trademark Office will make the necessary change in application number and filing date for the instant application.

**Conclusion**

In the event any matters remain to be resolved in view of this communication, the Examiner is encouraged to call the undersigned so that a prompt disposition of this application can be achieved.

Respectfully submitted,

Date: February 6, 2006
